

## Rotating laser PR 2-HS

### Applications

- Excavation
- Levelling formwork and pouring concrete
- Transferring and checking reference heights
- Setting out slopes

### Advantages

- One button, one function makes the tool extremely easy to use
- Built to last - newly designed shock-absorbing handles and receiver holder as well as the rugged IP 66 protected housing provide the most reliable performance in the toughest jobsite environment (MIL-STD-810G)
- Unaffected by sun and other light sources thanks to PulsePower technology
- Digital measurement indicates to the user precisely how much the measurement deviates from the target value
- Single manual slope mode at up to 45° using the PRA 79 slope adapter
- Lithium-ion battery featuring CPC technology for unique power management, can be charged while operating or in vehicles using the PUA 82 motor vehicle power adapter

### Technical data

<b>Accuracy</b>	±0.5 mm at 10 m
<b>Laser functionality</b>	Manual slope, Horizontal levelling
<b>Self-levelling range at room temperature</b>	±5 °
<b>Operating range with laser receiver (diameter)</b>	2 - 600 m
<b>Laser class</b>	<4.85 mW, 620-690 nm, Class 2 (IEC 60825-1:2007), Class II (FDA CFR 21 art. 1040)
<b>IP protection class</b>	IP 66 (IEC 529)
<b>Battery type</b>	Li-ion
<b>Weight with batteries</b>	2.5 kg
<b>Dimensions (LxWxH)</b>	200 x 200 x 230 mm
<b>Drop test height receiver</b>	2 m
